SKILLS

- Languages:** C++, Java, C, Python, Kotlin
- Frameworks:** HTML and CSS, Bootstrap
- Tools/Platforms:** MySQL, MongoDB, AWS(EC2)
- Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability

PROJECTS

- Key Logger - Python-based Monitoring Tool** Sep 2024 to Oct 2024
 - Developed a key logger application using Python to track user inputs in real-time for security and monitoring purposes.
 - Implemented features such as logging keystrokes and storing them in an encrypted file for secure access.
 - Focused on improving application performance and ensuring minimal system resource usage.

Tech: Python, Tkinter, Cryptography

- Network Sniffing Tool - Python-based Traffic Analyzer** Jul 2024 to Aug 2024
 - Developed a network sniffing tool using Python to capture and analyze network traffic in real-time.
 - Implemented packet sniffing techniques to monitor HTTP, FTP, and other protocols.
 - provided valuable insights into network performance and security.
 - Focused on optimizing packet filtering and improving the tool's ability to handle large traffic volumes.

Tech: Python, Scapy, Socket Programming

- SQL Injection Live - Real-Time Vulnerability Testing** Jun 2024 to Jul 2024
 - Developed an SQL injection testing platform through IBM to demonstrate and analyze real-time vulnerabilities in web applications.
 - Implemented various injection techniques to identify and exploit SQL injection flaws, helping improve security protocols.
 - Focused on educating developers on secure coding practices to prevent SQL injection attacks.

Tech: IBM, SQL, Web Security, Penetration Testing

CERTIFICATIONS

- CompTIA Security+ - CompTIA February 2025
- Digital Forensic Essentials – Coursera November 2024
- Ethical Hacking Essentials – Coursera October 2024
- Cybersecurity Fundamentals – Coursera August 2024
- Cybersecurity Attack and Defense Fundamentals – EC-Council March 2024

CO-CURRICULAR ACTIVITIES

- Attended workshop on Symposium 2.0 | LPU April 2024
- Attended Workshop on WOW Google | LPU March 2024

ACHIEVEMENTS

- Solved 1000+ coding problems across multiple platforms:** February 2025
Strengthened Data Structures and Algorithms (DSA) on LeetCode, CodeChef, and GeeksforGeeks.
- Completed 100+ rooms in Tryhackme platform.** February 2025
Developed advanced skills in real-world hacking scenarios.

EDUCATION

- Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; — CGPA- 5.32 Since August 2022
- Rana Public School** Uttar Pradesh, India
Intermediate — Percentage: 75.60% April 2019 - March 2021
